C2Nav

An ultra-mobile ground control station with a detachable keyboard making operations more productive and user-friendly. The C2Nav is built on top of the Panasonic CF-20 powered by Microsoft Windows which delivers an enterprise solution for operations in rain or shine. With the C2Nav we set out to design a superior mobile ground control station built to enable mission-critical mobile worker productivity without compromise. It is universal and agnostic for the operation system. The C2Nav features long life, a user-replaceable battery, and a daylight-readable, high-sensitivity, multi-touch display for use with heavy gloves.
