

Navigator Tab 3

With the Navigator Tab 3 we offer our first easy extendable addon to an existing Samsung Tablet, allowing you to “dock” in your tablet and gain the capability to operate using the Navigator Tab3s joysticks and buttons.

The Navigator Tab 3 is radio agnostic and offers 2x joystick, 2x 5-direction buttons and 2x buttons. All joysticks and buttons can be customized so it fits your needs and requirements. With the IP 65 USB-C the Navigator Tab 3 allows the operator to extend functionality further, as it enables the user to connect the navigator to other mobile devices.

Tablet

Tablet	Fits Samsung Galaxy Tab Active3
Weight	1.20 lbs / 545 g
Excluding Samsung Galaxy Tab Active3 tablet	
Size	11.3 x 5.39 x 2.2 inches / 287 x 137 x 56 mm
